Washing Your Wrap

Hand washing is always preferred. Use mild car wash soap, soft sponge or microfiber cloth, and rinse thoroughly. Wash in the shade — hot surfaces cause soap to dry and leave marks. Aim to wash every 1–2 weeks.

Pressure Washing Guidelines

- 1 Keep Distance** — Hold nozzle at least 12–18 inches from the surface at all times.
- 2 Use Low Pressure** — Stay below 1,200 PSI. High pressure lifts edges and destroys seams.
- 3 Avoid Edges** — Never direct the spray at wrap edges or seams at close range.
- 4 Water Temperature** — Cold or lukewarm only. Above 140°F softens the adhesive.
- 5 Stay Perpendicular** — Keep nozzle at 90° to the surface — never angled into edges.

■ **Warning:** Never use automatic brush car washes — stiff brushes scratch, lift edges, and permanently damage wraps.

Removing Contaminants

Bug splatter & bird droppings: Remove ASAP. Spray warm water, soak 30 sec, wipe gently with microfiber. Never scrub dry.

Tree sap & tar: Apply isopropyl alcohol with a soft cloth. Rub gently. Rinse and wash afterward.

Fuel spills: Wipe immediately with dry cloth, then wash with soapy water. Fuel left on vinyl causes staining.

Road salt: Rinse frequently in winter. Salt accelerates edge lifting and vinyl degradation.

Do's and Don'ts

- Wash regularly with mild soap and microfiber cloth
- Remove contaminants (bugs, sap, droppings) promptly
- Park in shade or garage — UV is the #1 enemy of vinyl
- Use vinyl-safe detailer or water-based spray wax for added protection
- Inspect edges periodically and report any lifting immediately
- No abrasive cleaners, solvents, or degreasers
- No automatic brush car washes

- No wax with petroleum distillates — water-based products only
- Don't let fuel, oil, or chemicals sit on the vinyl
- Don't park long-term under trees (sap) or near industrial areas

Warranty Coverage

Your Titan Graphics Studios wrap includes a **3-year standard installation warranty** (5-year for premium tier). Covers installation defects, premature peeling, and abnormal fading. Damage from accidents, improper washing, or misuse is excluded. Contact us at **610-969-5520** or **info@geturgraphics.com** to file a claim — most warranty issues are resolved same day, in person.
